STRUCTURAL PERGOLAS

- High-Grade Premium System
- Full Aluminum Column Mounts
- Metal on Metal Connections
- Engineer Designed & Approved
- Three Styles of Columns
- Superior Shade Coverage
- Low Maintenance Vinyl
- Withstands Harsh Conditions

Structural Pergola Kits include Aluminum Beams, Rafters and Column Mounts

Superior now offers a quality and engineer-approved "Pergola System". While more costly than wood, the increased performance provides safety and security for your home in even the harshest of weather conditions.

With full aluminum column mounts and metal-on-metal connections throughout the pergola, this system is designed to perform and last while maintaining its look with all the benefits of vinyl.

By consulting professional engineers and introducing a solid structural system, we are confident that our customers will be able to submit their pergola plans to a professional engineer for building code approval.

Perfect for Pool Areas, Hotels, Resorts, Clubhouses, Marinas,
Raised Patios, or Other Areas Shade is a Welcome Addition!
